RAVI KUMAR PATEL

FULL-STACK WEB DEVELOPER

EXPERIENCE

April 2022 - present

VAYANA NETWORK

Software Engineer:

- Developed a web application using ReactJS for the frontend and NodeJS for the backend, utilizing RESTful APIs to interact with a MySQL database.
- Collaborated with a team of developers to ensure code quality, maintainability, and scalability, utilizing Git for version control and Agile methodology for project management.
- Optimized application performance by implementing best practices for code optimization, caching, and load balancing.
- Conducted thorough testing and debugging to ensure the application functioned as expected and resolved any issues that arose during development.
- Continuously improved the application by incorporating user feedback and staying up to date with the latest technologies and trends in web development.

February 2021 - March 2022

Oceonic IT Solution Pvt Ltd

Web Developer:

- Gained hands-on experience with popular web development tools and technologies such as React, NodeJS, ExpressJS, MongoDB, Redux, MySQL.
- Designed and developed A2RStore with team, a full-stack e-commerce web application using ReactJS for frontend and NodeJS for the backend, with MySQL database integration.
- Demonstrated strong problem-solving skills and attention to detail while collaborating with a team of developers to ensure project success.
